

Send round a pole on the left-dog working on the left

- Vertical pole held in a cone is placed to the left approx. 1-2 metre after the station.
- As the dog and handler walk towards the pole the handler sends the dog in an **anticlockwise circle** round the pole.
- As the dog initiates the circular movement, the handler continues to walk forward.
- Dog returns to the handler's **left**.
- Team continues forward.
